

Tag of war

Our class went to Sontry on the 20th of May to do tag of war at the start we did a lap of the track and then we went to the tug of war area. At first we had to lift a 9st. ball with cement then a 50st. barrell full of cement after that we tugged against each other. It was great fun I hope we can go again and do more avents.

On the 20th of May the two fifth classes went to Santry Stadium to get coached about tug of war. First four boys had to lift 9 Stone then 16 people lifted 51 Stone. After that we pulled against 16 different teams. My team won both our matches. We had lunch after that and went home.

We learned so much and we will definitely use it in the future.

It was so much fun, a great experience.

It was amazing that 16 boys could lift 51 Stone.

Santry tug of war.

On Tuesday 20th of May
Miss Gallagher and Mr. O'Neill
went to practise tug of
war in Santry Stadium.

There were 8 on a team
at first we had to use
a rope to pull up weights.

Then two teams would
pull a rope tied to a
pulley and pull the other
team forward. We had
great fun.
